

# Prefab living pods

For the earthquake victims in Turkiye

## Sustainable & Safe

After two big earthquakes that hit Turkiye beginning of February, ten thousands of families have been left homeless. Given the current cold climate and daily aftershocks, it's crucial to provide these families with a sustainable and safe prefab houses as soon as possible.

The prefab living pod is based on a 23 ft container:

- Total living area of 21m<sup>2</sup> (226 sqft)
- Completely insulated & heated
- Equipped with basic requirements as Sleeping area, sanitary room and a living area inc kitchen.

Help and donate! For every €2000 collected Unito will place a container in the heavily impacted area of Hatay in collaboration with the official Turkish rescue team AFAD.

Scan the QR code to donate or use the information below. THANK YOU!

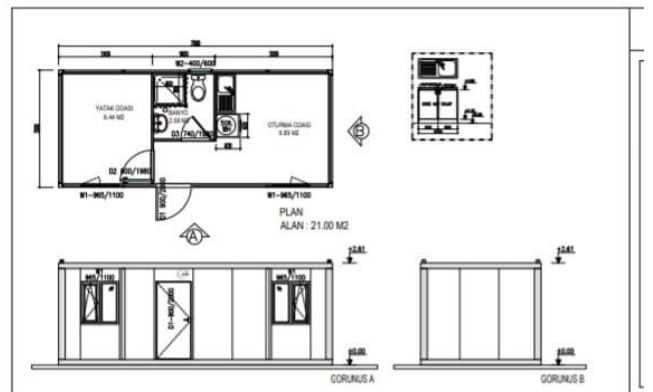

Beneficiary: Stichting Unito  
Account number: NL35RABO0199645019  
Swift details: RABONL2U  
Bank details: Rabobank, Croeslaan 18, 3521 CB Utrecht
